RE: Adjustment to Terms on Account

Dear Valued Associate Marketer,

We value working with your company and request that you take a moment to note our revised terms. Effective April 15, 2011, Parman Energy Corporation will process invoices to your company using NET 45 day terms rather than the current terms of NET 60.

In conjunction with this adjustment, Electronic Fund Transfers and MSA credits will be processed according to the terms indicated on each invoice. If you have any questions or concerns regarding the revised terms or EFT transactions, please contact David Kraus at (615) 350-6584 or myself at any of the methods provided below.

We trust that this 90 days advance notice is ample time to provide for necessary accounting adjustments.

Sincerely,

Rachel Mitchell, *Treasury Manager*
